- April 24, 2020 – LA County Public Health has identified four measures that must occur in order to modify provisions in the Safer at Home Order and safely reopen certain businesses, institutions, and public spaces. Recovery Prerequisites:
    - Ensure hospitals and primary care and specialty services capacity to care for people who are ill and for those who need routine health care.
    - Ensure protections for vulnerable populations - especially the elderly, people with underlying health conditions, residents in institutional settings, people experiencing homelessness, and people with poor access to needed services and supports. This includes making sure that there are enough trained staff and personal protective equipment to appropriately manage care at institutional settings.
    - Ensure capacity for testing, isolating, and quarantining individuals and for surveillance to prevent the spread of infection.
    - Ensure capacity to maintain maximum physical distancing and infection control at all spaces and places where people interact with each other outside of their homes.
- The Los Angeles County Health Officer Safer at Home Order was extended until May 15, 2020.
- The City Emergency Operations Center (EOC) is remotely activated at Level 3 (lowest level).
- The City Council extended the proclamation of a local emergency until July 11, 2020.
- All city employees are on paid administrative leave until May 15, 2020, except employees performing essential tasks or functions.
- Enforcement of overnight parking, street sweeping and recreational vehicle violations is suspended until further notice.
